- Anywhere, any time, any device

What's new in 2023?

New curriculum (B.E. 2566)

Two tech courses have been removed.

X GEN0301 - IT for Communication
X GEN0309 - Digital Life

Content from those two courses will be incorporated in the following courses under different IDs.

✓ GEN0304 --> GEZ0302 - Digital Literacy
✓ GEN0320 --> GEX0311 - Digital Millionnaire

Before we get started,

make sure you are attending the right course!

GEN0304, GEZ0302 Digital Literacy

Sections: 00X, 10X, S__, N__
For Thai programs

GEN0304, GEZ0302 Digital Literacy

Sections: E__, T__
For international and bilingual programs

Thai and international sections are considered different subjects.

Students must enroll in the right section and do not switch classes.

Being in a wrong section means you are attending a course that is not part of your curriculum.

Introducing the FlexSpace platform

We will be using the FlexSpace platform for the entire course.
